Every town has its secrets.
Some are just darker than others...

SILENT HILL™

Harry Mason and his daughter Cheryl are on their way to Silent Hill for a little vacation.

Due to car trouble, they reach the outskirts of the town late at night. As his daughter sleeps peacefully in the back seat, a motorcycle roars past the small 4X4.

Suddenly, a figure appears from out of the darkness.
Harry turns the wheel in panic.
The car slides to the edge of the road and into a gully.

Harry regains consciousness.
Cheryl is nowhere to be seen.
So begins the story of Silent Hill...

Features:

- Real time rendered environment. Dynamic camera changes create a truly cinematic horror experience.
- Stunning visuals. Amazingly realistic CG movies coupled with horrifying real time 3D images will leave you breathless.
- Intense action and puzzles will stimulate your mind, as well your trigger finger
- Fog and shadows create a smothering, ether world feel.
